github.com/ggfalloon/EmployeeTracker
A Nodejs command line application for easily managing company employees, utilizing MySQL.
- Tools used: HTML5/CSS3, JavaScript, JQuery, MySQL, Node.js, inquirer

EXPERIENCE

Elevate Bartending, Austin, TX — Director of Events   2018 - 2020
- Contributed to 600% growth in sales in the first year of employment.
- Remotely managed all incoming leads and converted 30-40% to bookings.
- Assisted in development and maintenance of the company's new website.
- Using Google Sheets, created and maintained essential spreadsheets for tracking sales records, payroll, events, etc.
- Detailed events for both Austin and San Antonio locations and led execution of San Antonio events.

Legacy Church, Plano, TX — Office Manger/Church Clerk   2012 - 2015
- Maintained and updated software database. Improved and developed various Excel reports.
- Managed/recruited volunteers, on-boarded new staff, supply budget, organized events, calendars & phone systems.
- Co-led initiative to reduce energy costs through wifi enabled programmable thermostats.

Hudson & Marshall of Texas, Plano, TX — Account Lead   2007 - 2011
- Promoted to Contract Administrator within 3 months of initial hire date.
- Received a second promotion to Account Lead as liaison for the company's servicing clients. Assisted in developing essential client reporting using Excel's macro and pivot table functions.
- Attended multiple real estate auctions throughout the country, completing various tasks to ensure smooth transactions for buyers, investors and real estate agents.
